

# ZvPro800i Series

### 1080p Unencrypted HDMI Encoder / Modulator with IP Streaming

ZvPro810i delivers uncompromising digital HD video distribution over your existing coax cabling from HDMI sources, as well as providing simultaneous IP streaming with no performance compromise. This one channel QAM, MPEG2, Encoder/Modulator unit allows you to easily distribute content up to 1080p resolution to an unlimited number of displays over and RF network, using the TV's built-in QAM tuner, or over an IP network to set-topboxes connected to displays.

Manage ZvPro units can be managed locally through the color LCD screen or via an intuitive web-based, management interface – Maestro. Generate a looping signage channel with ZvShow, deliver messages to any screening using the built-in Emergency Alert System.

SUPERIOR VIDEO QUALITY

- Full MPEG-2 implementation
- I, P, and B Frames
- Low latency
- Full motion estimation with a wide search range

#### **EXTENSIBLE ARCHITECTURE**

- Easy downloadable firmware updates
- Future enhancements provided regularly
- Emergency Alert System (EAS)

The ZvPro supports audio encoding and the included Closed Captioning makes your installation ADA compliant.

#### MODELS:

ZvPro810i-NA	
ZvPro810i-MX*	
1 x unencrypted HDMI	
video input up to	
1080i/1080p	

ZvPro820i-NA ZvPro820i-MX\* 2 x unencrypted HDMI video input up to 1080i/1080p

\*MX version must be ordered for pass-through

#### **HIGH RELIABILITY**

- Low-stress power system
- Full system instrumentation and monitoring
- Official international regulatory approval
- Forced air cooling for effective thermal control

#### **EASE OF MANAGEMENT**

- Powerful, highly intuitive web interface
- On-site or remote management
- Configure/manage multiple units from front Panel Display for local management
